EXPAND BULGARIAN HEALTH FACILITIES:  
MALARIA CASES DROP IN YUGOSLAVIA

BUILD NEW HOSPITAL -- Sofia, Izgrev, 10 Feb 51

The new, up-to-date hospital in Aytos has been completed. The medical campaign against malaria and tuberculosis has been intensified throughout the okoliya. The Turkish minority residing in that area is also being provided with efficient medical aid.

OPEN POLYCLINIC FOR TRANSPORT WORKERS -- Sofia, Izgrev, 10 Feb 51

On 9 February 1951, the administration of the Sofia transportation system inaugurated a medical department for its workers and their families. The new "Medsanchast" (Meditsinska-Sanitarno Chast, Medical and Sanitary Section) consists of a fully equipped polyclinic, located Bukston Boulevard, No 8.

ESTABLISH NEW HEALTH AGENCY -- Sofia, Izgrev, 10 Feb 51

The health department of the Sofia Municipal Council has established a medical and epidemiological agency. The new organization will act in an advisory capacity in all problems concerning sanitation and epidemiological measures.

FEWER MALARIA CASES THAN BEFORE WAR -- Belgrade, Borba, 15 Feb 51

In 1950, 1.6 persons of every 1,000 became ill from malaria in Yugoslavia, while before the war 27 of every 1,000 contracted malaria. Before the war there were 180,750 malaria patients in Yugoslavia, while 8,562 persons suffered from malaria in 1950.
